Answer

MINISTER OF STATE IN THE MINISTRY OF
MICRO, SMALL AND MEDIUM ENTERPRISES
(SHRI HARIBHAI PARATHIBHAI CHAUDHARY)

(a): As per the data available with Central Statistics Office (CSO), Ministry of Statistics & Programme Implementation, Government of India, the share of industrial Output for Micro, Small and Medium Enterprises (MSME) (manufacturing, construction and electricity, gas, water supply and remediation) for the year 2011-12, 2012-13, 2013-14 and 2014-15 are, 38.51%, 38.33%, 38.51% and 38.85%, respectively, at current prices and the share of industrial output for 2012-13, 2013-14 and 2014-15 excluding construction at constant prices are 23.00% 23.15% and 22.86%, respectively.

However, the CSO does not compile estimates (GVA/GVO) of MSME sector based on the definition of MSME sector. An approximation based on the results of Annual Survey of Industries (ASI) and surveys on unorganised sector has been made to arrive at the above contribution, as mentioned in the previous para. The estimates (GVO) of construction for the household part at constant prices are currently not being compiled by CSO and hence, the estimates at constant prices are exclusive of construction.

(b): No survey has been conducted by this Ministry regarding growth of the MSME sector during any of the last three years.

(c): Comparable data on development of MSMEs of other countries are not maintained by the Ministry of Micro Small and Medium Enterprises (MSME).

(d): The question of any corrective step doesn't arise in view of (c) above. However, all the promotional activities undertaken by the M/o MSME, Govt. of India are in pursuance of the MSME Development Act, 2006. All the schemes of the Ministry of MSME are geared towards promotion and development of the MSME sector and are designed to boost the growth of MSME sector. List of the major such schemes of the Ministry {including those of Office of Development Commissioner (MSME)} is given as Annexure.
